2 Convicted Murderers Escape From Maximum Security Prison in Upstate New York

(ABC News) Two convicted murderers bundled up clothes in their beds, then escaped from their upstate New York maximum security prison cells through catwalks and tunnels, officials said. As a result of the deception, Richard Matt and David Sweat were accounted for during a morning bed check at the Clinton Correctional Facility in Dannemora, about 20 miles south of the Canadian border, said New York State police. Sweat, 34, is serving a life sentence after he was convicted of killing a Broome County sheriff's deputy in 2002. Matt, 48, is serving 25 years to life in prison after he kidnapped and beat a man to death in 1997, police said. The prisoners, who were in separate but adjacent cells, arranged hoodies and other clothing to make it appear as if they were in their beds, officials said. They then escaped through holes in the wall of their adjoining cells onto a catwalk about six stories high, and climbed down, officials said. The men appeared to have power tools in several spots that they used in their escape through tunnels, officials said. "A search revealed that there was a hole cut out of the back of the cell through which these inmates escaped," said Anthony Annuci, the acting state corrections commissioner. "They went onto a catwalk which is about six stories high. We estimate they climbed down and had power tools and were able to get out to this facility through tunnels, cutting away at several spots." They then came out onto the street through a manhole cover.

Significant Events – International

MERS outbreak: 2,300-plus quarantined; 1,300 schools closed in South Korea

(CNN) Fears of MERS in South Korea are growing by the day, with more than 2,300 people quarantined as the country grapples with the outbreak. At least 1,381 schools will be closed for several days amid concerns of the spread of Middle East respiratory syndrome. They include 1,255 schools in Gyeonggi province, the area outside Seoul where the outbreak started and where a South Korean air force member stationed at a U.S. air base has been isolated with the illness. The other 126 schools are in the Gangnam region, near the Samsung Seoul hospital -- the most affected hospital in the city. The virus has claimed the lives of five people, with another 64 people suffering from the illness. A South Korean air force member stationed at a U.S. air base tested positive for MERS last week and remains in isolation at a military hospital on the base, a South Korean Ministry of National Defense official said. The sergeant had received treatment for an Achilles' heel at the same hospital that had the first MERS patient in South Korea, who became sick after visiting four Middle Eastern countries. There are no other diagnosed cases of MERS on base, according to Osan Air Base. The United States built the base, south of Seoul, during the Korean War.

SITUATION SUMMARY

SPILL: 15-3189, Carpinteria, Santa Barbara County (New/Final)

- Summerland Fire Department reported natural seepage has resulted in the release of approximately 50 gallons of crude oil onto city-owned land that has been leased to an independent energy company, Veneco Inc.
- The seepage is near a culvert that leads to the Pacific Ocean and an area where sea lions congregate. The City, Fire Dept., Veneco, Santa Barbara ROSS and HMU have met and reached agreement in the strategy to deal with this natural seepage. Veneco Inc. will build a containment berm to keep any future flow from reaching the culvert area. Due to the extremely slow amount of seepage that has been occurring they feel strongly this will mitigate the issue.
- The above listed agencies will monitor this site in the future and adjust their mitigation needs as necessary.
- This report was made due to the number of area reports from the Refugio Incident and to ensure there was a plan to deal with the situation in case there were future developments at this site.

Reported Bomb Threat, Sacramento International Airport, Sacramento County

- On 06/06/15 at approximately 1921 hours a Delta Airlines flight landed and was held away from the airport terminal due to a bomb threat.
- Per Cal OES LDO, the passengers were offloaded away from the terminal.
- Sacramento County Sheriff's Office Bomb dogs and security personnel searched the plane, passengers, and luggage with negative results.
- There were no requests for state assistance.
- A total of 10 aircraft nationwide received a threat of a bomb on board.

SITUATION SUMMARY

Tar Ball Reports – Ventura, Los Angeles, and Orange Counties

- A separate Incident Command Post was established in the South Bay of Los Angeles and Orange Counties to respond to tar ball sightings in that area.
 - Per the Cal OES Southern Region Duty Officer:
 - The South Bay Incident has concluded.
 - Daily USCG and DFW beach inspections and cleanup have ceased.
 - Operations back to normal procedures for reporting abnormal oil related incidents.
- The ICP for the Refugio Incident is responding to sightings in Santa Barbara and Ventura County. Samples have been collected at all tar ball sites and will be fingerprinted to determine if there is any correlation to the Refugio Beach Incident.
 - Cleanup activity has been completed. Ventura County will continue to monitor incident. There have been no further requests for assistance and no unmet needs have been reported. The Cal OES Southern Duty Officer (SDO) will continue to monitor the incident.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- 06/06/2015 Incident Command Post (ICP) Executive Summary attached.

Proclamations

- Governor Brown Proclaims a State of Emergency in Santa Barbara County to Assist Oil Spill Response.
- <http://gov.ca.gov/news.php?id=18967>
- A Proclamation from Santa Barbara County has been received. The County is not requesting CDAA at this time.
- On 05/22/15 City of Goleta submitted a Proclamation of Local Emergency. The City is not requesting CDAA at this time.
- On 05/23/15 the University of California Santa Barbara submitted a Proclamation of Campus Emergency with no requests at this time.

Activations

On 05/27/15:

- The State Operations Center is activated at Level 1.
- The Southern Region Emergency Operations Center (REOC) is activated at Level 1.
- Santa Barbara EOC is activated at Level 1.
- The ICP, is located at 461 S. Fairview Ave., in Goleta, and has an Operational Period of 48 hours: 0700 to 0659 hours
- Ventura County OA EOC is activated at Level 1.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Deployments

- Unified Command
 - Federal on Scene Coordinator: US Coast Guard (USCG) & the Environmental Protection Agency (EPA).
 - State on Scene Coordinator: CA State Parks & CA Fish and Wildlife (CDFW).
 - Local on Scene Coordinator: Santa Barbara County Office of Emergency Management (OEM).
 - Tribal Coordination: Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.
 - Responsible Party: Plains All American Pipeline LLC.
- Cal OES Deployments
 - Two ESC's from Cal OES Southern Region, Ports and Harbor Representative
 - Two ESC 's from Cal OES Southern Region, Agency Representative

Responding Agencies

Federal

- USCG, Pipeline and Hazardous Materials Safety Administration (PHMSA), EPA, US Fish and Wildlife, and NOAA.

State

- Cal OES, CA State Parks, Cal OSPR, CA Fish and Wildlife, Cal Volunteers, CA Department of Transportation, California Highway Patrol , University of California Santa Barbara and California Coastal Commission.

Local

- Santa Barbara County OEM, Ventura County Sheriff's OES, Santa Barbara County Fire Department, City of Santa Barbara, Santa Barbara County Sheriff , Gaviota Police Department, Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

• Response and Clean Up Efforts

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- An investigation of the shoreline has revealed approximately 51.70 miles of shoreline impacted by the oil spill. Total shoreline area impacted by the oil spill is approximately 40.30 miles. Impacts to the shoreline have been identified as follows:
 - As of **06/06/15 at 2000 hours**, offshore skimming operations resulted in 0 gallons of oily water mixture being collected, making the cumulative total of 14,267 gallons since the initial notification.
 - Four Shoreline Clean-up Assessment Teams (SCATs) have been surveying shoreline to assess extent of impact. Most areas are under 30% coverage.
 - As of 06/06/15 at 2000 hours, the following has been collected onshore:
 - **660** cubic yards of oiled sand
 - **660** cubic yards of oiled vegetation
 - **300** cubic yards of oiled debris/PPE
 - 3,840 cubic yards of oiled soil
 - **165** yards of absorbent
 - A majority of the onshore oil impacts exist on beaches, cobble, riprap, and on rock faces between Arroyo Hondo (Santa Barbara County) and El Capitan Beach. Light oiling has been discovered as far as Point Mugu (Ventura County) to the east and 2 miles west of Arroyo Hondo to the west.
 - As of **06/06/15 at 2000 hours**, approximately **79.71** miles of shoreline was assessed, of that:
 - 3.97 miles was heavily impacted
 - **18.23** miles was moderately impacted
 - **24.13** miles was lightly impacted
 - **4.68** miles was very lightly impacted
 - 21.68 miles was reported with tar balls
 - **7.02** miles was identified with no impact.
 - To date, the total miles of impacted shoreline are, 73.69 miles.
 - Chumash Tribal Members continue to provide cultural and archeological guidance and oversight as needed. As of 6/05/15 at 1900 hours 44 cultural monitors and 9 archeologists are supporting the response.

Wildlife

- The Oiled Wildlife Care Network (OCWN) continues to conduct wildlife monitoring and recovery efforts.
- As of **06/06/15 at 2000 hours**, CDFW reported recovery of **2** live bird (cumulative **60**), **13** dead birds (cumulative **149**) with a cumulative total of **209**; and **1** live mammals (cumulative **44**), **5** dead mammals (cumulative **72**) with a cumulative total of **116**.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Resources

- Per Cal OES Southern Region Emergency Operations Center Situation Report:
- As of 06/06/15 at 2000 hours, there are a total of 1,266 personnel from all organizations currently responding to the incident. There are 119 personnel in the ICP, 1,147 in field operations.
- There are currently 17 vessels being utilized to perform boom, skimming operations, and decontamination offshore. Vessels not currently in use are being staged in the Ventura Harbor.
- There are 2 contracted aircraft (helos) deployed to this incident.

Public Information

- Joint Info Center (JIC) has been established.
 - JIC WEBSITE: <http://www.refugioresponse.com>
 - Future media inquiries regarding Refugio State Beach oil spill should call: **805-770-3682**.
- A Third-Party Claims telephone number has been established for businesses and others to report economic losses or costs due to the oil spill: 1-866-753-3619.
- The Community Relations Unit is drafting a proposal for a roundtable discussion with key stakeholders of the Santa Barbara business community to include the Chamber of Commerce.
- Congresswoman Capps visited the site on Friday, 06/05/15.
- The Santa Barbara County Supervisor's Chair and Mayor of Goleta conducted an overflight of the response area on Friday, 06/05/15.

Volunteers

- California Volunteers is leading the efforts to coordinate spontaneous volunteer activities related to the Refugio Incident. Volunteer activities are currently on hold. Cal Volunteers will continue to monitor the situation and identify any additional opportunities for volunteer beach cleanup events.
- The public can assist by visiting this website <https://calspillwatch.dfg.ca.gov/Spill-Archive/Refugio-Incident/Volunteer> or by reporting oiled wildlife by calling 877-UCD-OWCN (not a volunteer line).

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- The recent cooler than normal weather will be replaced by very warm to hot readings on Monday, 06/08/15 for most inland locations. In light of the recent string of cooler than normal days, many people may be caught off guard by the warm-up. Widespread mid 80s to mid 90s are expected with a few spots into the lower 100s through Monday afternoon and evening. Most inland locations and the South Bay will be impacted; however, this does not include the city of San Francisco.
- A heat advisory is now in effect for the following: Alameda, Contra Costa, Marin, Monterey, Napa, San Benito, San Mateo, Santa Clara, Santa Cruz, and Sonoma Counties.

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

HOT WEATHER INLAND ON MONDAY!

HEAT ADVISORY IN EFFECT FOR MONDAY AFTERNOON AND EVENING

Temperatures

- Inland – mid 80s to mid 90s with isolated lower 100s
- Coast – 70s to lower 80s

Heat Safety Tips

- Drink plenty of water, non-alcoholic and decaffeinated fluids.
- Reduce, eliminate or reschedule strenuous activities until the coolest time of the day.
- Wear lightweight, light-colored clothing.
- Never leave children, disabled adults or pets in parked vehicles.

Be a Force of Nature by knowing your risk, taking action and being an example in your community.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A low pressure system over Northwestern California will bring chances for showers and thunderstorms across the interior early next week. High temperatures across the interior will be well above normal through next week while near seasonal temperatures will persist near the coast.

Medford Weather:

Offshore low level flow is in place this morning with mostly clear skies over a large portion of extreme northern California. A long wave upper ridge is present which will make for a very hot Sunday and Monday for northern California with near record highs inland.

Reno Weather:

Warming and drying is expected Sunday and Monday as the low pressure system pulls away. Another low may bring an increase in storms again for the middle of next week. Temperatures will warm above seasonal averages over the next several days.

San Francisco Weather:

High pressure building over northern California during the next two days will result in dry weather along with a significant warming trend with temperatures forecast to be well above seasonal averages by tomorrow. Slight cooling is then expected for the middle of next week as an upper level low moves into central California. That low may trigger midweek showers and isolated thunderstorms mainly over Monterey and San Benito counties.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

A few thunderstorms are possible near the Sierra Crest Sunday and Monday, but dry over valleys. There are increased chances for thunderstorms Tuesday and Wednesday. Well above normal temperatures Sunday through Tuesday with Monday being the hottest day.

Hanford Weather:

Low pressure will move away from Central California later today and tonight with a ridge of high pressure building Monday and Tuesday. A secondary low pressure area will form well offshore on Tuesday moving into Central California on Wednesday. Moisture from Hurricane Blanca will become entrained into the low and bring a threat of thunderstorms to the forecast area

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

WEATHER

WEATHER SYNOPSIS BY REGION: **SOUTHERN CALIFORNIA:**

Los Angeles Weather:

A warming trend is expected through early next week as low pressure aloft drifts west and high pressure develops. There is a slight chance showers on Tuesday and Wednesday across the area as remnant moisture from Hurricane Blanca moves across. Varying amounts of low clouds and fog will continue across the coastal plain through next week.

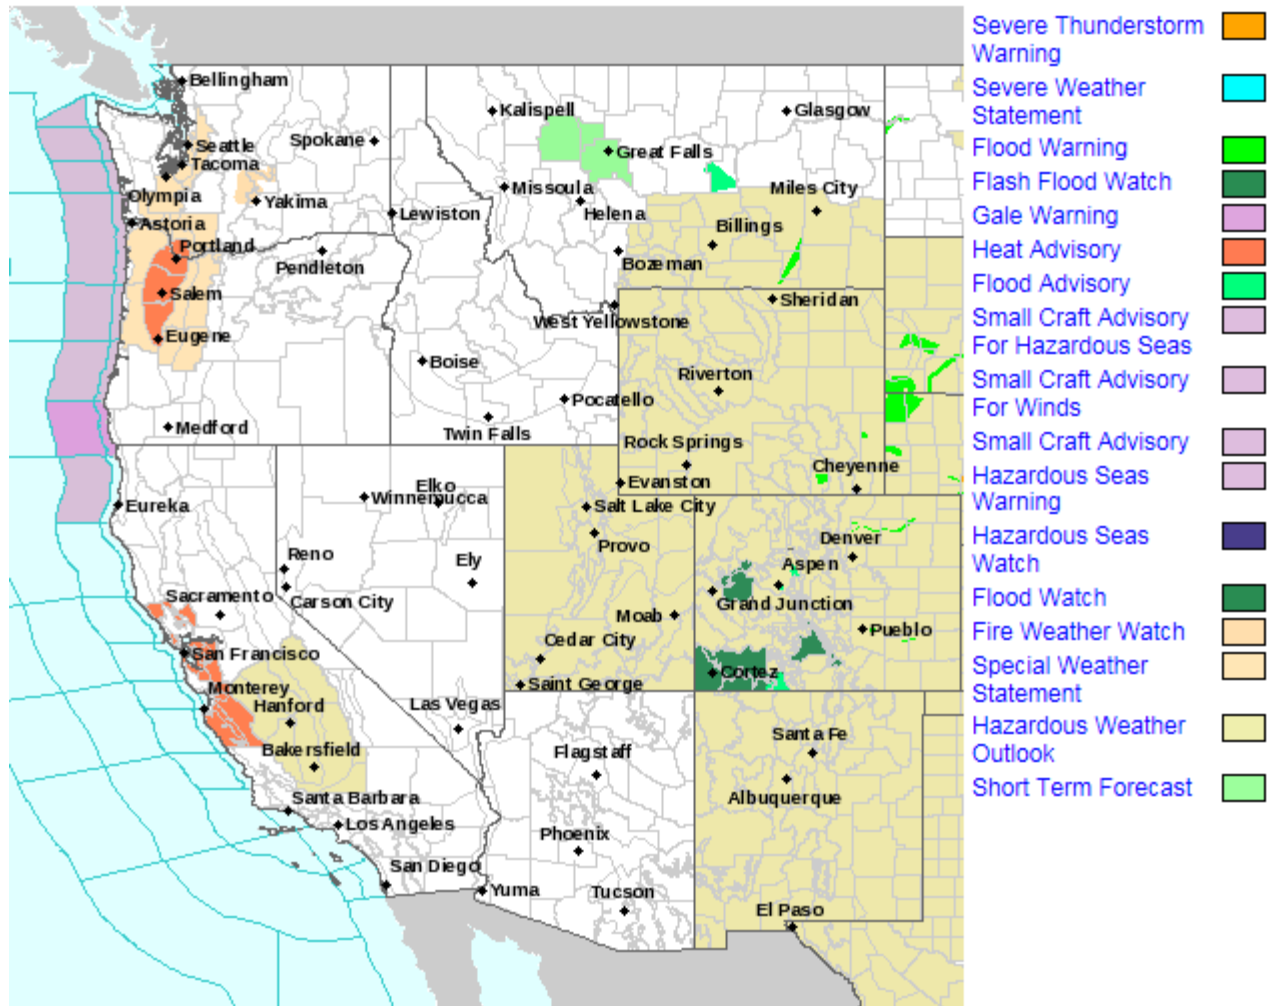

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A weak low pressure system centered well off the southern California coast southwest of Point Conception will drift slowly northward through Tuesday then move inland through California Wednesday. Inland warming today will continue on Monday and expand toward the coast with gusty east winds on Monday morning in the mountains. For late Monday night and Tuesday moisture from the remnants of Hurricane Blanca will be drawn northward into the southwest states. That will bring a chance of showers and thunderstorms especially in the mountains and deserts. The moisture in the mountains and deserts will gradually decrease for Wednesday through Friday with a slight chance of afternoon thunderstorms remaining for the mountains for Wednesday and Friday afternoons.

Southeast California Weather:

Drier westerly winds today and Monday will produce mostly clear skies and warmer afternoons. However, clouds from former Hurricane Blanca will increase from the south later Monday afternoon and evening. By late Monday night and early Tuesday, remnant hurricane moisture will surge into southeastern California leading to a chance of rain Tuesday and Tuesday night. A cooler Pacific low pressure system will generate another chance of showers and thunderstorms Saturday.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2015-LAW-12979, 6/6/15 at 1738 hours**, International Emergency Rescue Coordination Center (IERCC) has advised of a DeLorme activation near Mt Jepson in Kings Canyon National Forest. IERCC was able to contact subject via text. He is a solo 42 year old male that twisted his ankle and can no longer hike out. He has shelter and provisions and can spend the night if needed, but would like to make it out tonight. Elevation is just shy of 13,000 feet. Fresno County Sheriff's Office has been advised. **Update 1855 hours**, Received call from IC at Sequoia Park. Confirmed they have accepted mission and were planning on an extraction early tomorrow morning. The IC was attempting to contact they victim via the DeLorme unit to advise him. **Mission Ongoing.**

Closed Cal OES Missions

- **2015-LAW-12972, 6/6/15 at 1135 hours**, Madera County Sheriff's Department requested Fresno Sheriff's Department's helicopter to assist in the search for a 29 year old missing person. The subject's vehicle was located disabled and abandoned in the area of Bass Lake. Fresno County Sheriff's Department has accepted the mission and searched the area with negative results. Madera County has requested a night vision flight by California National Guard (CNG) aircraft. **Update 1830 hours**, Missing person was located by Madera Sheriff's Department personnel and transported for medical care with unknown injuries. **Mission Closed.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
